

WHO?

Who will pay homage to American overseas educators and their students?

Who will record and preserve the history of American elementary and secondary education abroad?

Who will preserve the legacy of American overseas schools?

Who will archive the memorabilia of American overseas schools?

AOSHS and YOU!

The AOSHS archives are growing! Boxes arrive daily, packed full of photos, school records, trophies, awards, news clippings, yearbooks, pennants, class rings, written and videotaped histories of faculty and student experiences--even a suit of armor and section of the Berlin Wall is on display at the Wichita World Treasures Museum. There is much work to be done in archiving and preserving the memorabilia from **your** overseas school. Our Society is dedicated to record and preserve the unique history of educating American children abroad. Our office at 704 W. Douglas Ave, Wichita, KS houses the archive, a small museum, a small library and office. We are seeking a home to erect our Bricks, Blocks, and Pavers, and university to take an endowment to give the archive a permanent home as we grow. We know the military community and overseas dependent schools support us. We know current and former overseas faculty members support us. But whose support do we most need? Yours! The alumni of the best schools all over the world.

Your history is the reason AOSHS exists.
